In order to give the investor an opportunity to have a joint interest with the Company in this acreage and in the well, we have platted into FIVE ACRE TRACTS a part of the acreage around the well, and are selling an assignment of the oil and gas lease upon these tracts of five acres for \$100.00 each and giving to the purchaser of each assignment five shares of stock of the par value \$10.00 per share. A paying well here will make these five-acre tracts worth thousands of dollars, and the stock many times above par. Geologists have examined every acre of this structure, reported favorably, and every buyer of a lease stands to win big. Very few people ever have the opportunity to get holdings on the ground floor of a first-class oil enterprise. You have the opportunity. You can buy this acreage NOW, TODAY. It should make you money—more money than you ever made before upon anything like the same investment.

Someone has said that a single good investment is better than a lifetime of saving.
